4. Timely replacement of broken or fogged windows and damaged garage doors is the Owner's responsibility. If an Owner fails to repair or replace these items in a timely manner, the Association shall, after thirty (30) days' written notice, effect repair or replacement and assess the costs to the Lot Owner. (Covenants and Restrictions Declaration, Article VII Section 7.1.1.)

E. General Provisions:

The remedy for damage to Common Areas resulting from willful acts or liable negligence by a Member, or their family or guests, shall be assessed to the Member and shall be collectible under the provisions of Article V Section 5.13 of the Declaration.

F. Grounds:

1. Vegetable and/or flower gardens planted within enclosed patio areas do not require Association approval as long as such plantings do not create a nuisance or hazard to adjoining property.

2. Both annual and perennial flowers may be planted in existing shrub beds. However, climbing vines that interfere with painting of buildings, and landscape maintenance are prohibited. Any shrubs or trees planted in the Common Areas must have prior written approval from the Board of directors. Items (flower pots, furniture, bird baths, etc.) cannot be placed in the mowing area (all areas outside of flowerbeds) of the common grounds.

3. The construction of tree houses or platforms in trees is prohibited. No basketball goals or antenna shall be Visible from Neighboring Property. Antennae shall not be mounted on roofs, nor installed in any other manner, if 'visibility restrictions' cannot be met. (Covenants & Restrictions Declaration, Sections 9.11) Telephone and cable wiring is strictly prohibited without prior written approval by the Board of directors. Any damages caused without the Board of directors' approval will be the sole responsibility of the Owner.

4. The drives are for vehicle parking only. All toys, bikes, grills, basketball goals, recreational vehicles, building materials, garden supplies, etc. must be stored within your courtyard or garage.

G. Landscape Management:

1. The Association shall provide all landscape maintenance for the common areas and shrubs located in the flowerbeds. This maintenance shall include mowing, edging, weed eating, fertilizing, pre-emerge application of lawns, and trimming of shrubbery and trees. There shall be no waivers of landscape maintenance. Any landscaping not in conformity with Association standards shall be remedied. All shrubbery and trees within the fenced patios are the Owner's responsibility. The shrubbery and trees should be kept clear from rooftops and walls. In the event of damage to the roofs or structures from unkempt shrubbery and trees, the Association shall assess the Owner the cost of repairs.

2. Occupants are encouraged to water all floras in the vicinity of their Lot, making no distinction between Lot and Common Area, in order to enhance the general appearance of Sequoyah Place. However, all such watering should be deep (about 5 inches) and accomplished as frequently as necessary according to rainfall. It is pointed out that shallow watering is more harmful than no watering because root systems will turn up toward ground surface only to be killed in drought, or freezing conditions.

H. Laundry:

No laundry, wash, clothing, rugs, carpets, or any similar articles including swimming attire, towels, etc., shall be flung over, draped on, or hung from the windows, porches, patios, fences, or shrubs. No outside clothes drying or airing facility shall be Visible from a Neighboring Property.

The parking spaces at the end of the private streets are for visitor parking only. The parking area located on the south side of the pool cabana is reserved for pool maintenance vehicles as well as emergency vehicles. Guest parking on the street is allowed as long as the vehicle does not interfere in any Owner's access

to their Lot, and the vehicle is parked where it will not restrict traffic or block emergency access to fire hydrants. Parking and driving on the Common Areas is strictly prohibited. Violators will be prosecuted.
